All birds will be inspected by one of our staff upon arrival. We reserve the right to refuse entry to any bird displaying questionable health status. We do not accept any bird on medication or any bird still being handfed. You will be charged for each day your bird is here regardless of the time the bird is brought in or picked up. The maximum length of stay is 30 days. If you bring your own cage it must be clean or there will be a \$10.00 fee for us to wash it. We do not require you to have a health certificate therefore **we cannot be held responsible for any health problems that arise while in our care or after you take them home.**

I authorize The Bird Shop to seek veterinary care in the event that a medical emergency arises during my absence. I understand that I will be financially responsible for any charges incurred.
